ABOUT SAMITI

Our esteemed Kanakadasa Shikshana Samiti was established in 1965 with a view to impart quality education along with hostel facilities to the poor and needy rural students. The Samiti has been serving since its inception to uplift SC, ST, economically backward and rural students. The Samiti is the brain child of our beloved President Dr. B. F. Dandin a popular professor in Statistics and great educationist. He has sacrificed his life for the betterment of this institution. The Samiti runs more than 60 institutions which are imparting quality education presently from KG to PG in different places of North part of Karnataka. For the valuable achievements and contribution of Dr. B. F. Dandin to the field of education and social service, he has been conferred honour of Doctorate degree by Karnataka University Dharwad at 60 Annual convocation held on 22nd Feb. 2011, Karnataka Rajyotsava award on 1 Nov 2020, Karnataka Seva Ratna Award From Rudrakshimath Naganur, Belagavi in December 2018. We have celebrated Golden Jubilee of our samiti on 11 and 12 January 2017. Honourable Chief Minister of Karnataka Shri S. Siddaramayya inaugurated the Golden Jubilee celebration function.

ABOUT OUR COLLEGE

The institution is named after renewed Saint and Universal Philosopher whose life and mission is dedicated for humanitarian service called 'BHAKTA KANAKADASA'. It is established in 1984, since then imparting quality education in Bachelor of Arts, Commerce, Science and Masters of Arts, Commerce and Science Courses for rural and urban students with due focus on weaker section of society. The College is recognized by Government of Karnataka and affiliated to Karnataka University, Dharwad and included in art 2 (f) and 12 (B) of UGC Act. Our college is also recognised by MHRD and UGC New Delhi and Granted College with Potential for Excellence (CPE) Status. Our College academic The achievements are excellent.

Our Students secured I to X Rank from Karnataka University, Dharwad at regular intervals. Besides 14 students secured Gold Medals in different subjects and awarded Dr. D.C. Pawate Diamond Jubilee Scholarship award for securing highest marks. The achievement in sports field is also good with more than 75 students selected as Blues in different Sports events to Karnataka University, Dharwad. The Academic, research and extension services of the faculty are unique in this region. The feedback as output of by the college is excellent as more than 1650 students are pursuing education every year of which majority of students hail from rural background.

We also provide Job opportunities to the students by conducting campus interview from various reputed companies. We have center for post graduate studies in English, Kannada, Commerce, Mathematics, Physics, Chemistry, History, Economics and Sociology.

OBJECTIVES OF THE SEMINAR

1. The primary goal of this course is to give students the theoretical and practical knowledge of modern molecular spectroscopies and their application in research field.
2. The main stress is on acquirement of practical knowledge on spectroscopies
3. To create a platform to share the innovative ideas regarding spectroscopies

- Purple Book
 Red Data Book
 Red Data Sheet
 Chemical Sheet

8. Which phenomena for the first time proposed the quantization behavior? * 4 points

Mark only one oval.

- Black Body Radiation
 Bohr Model
 Compton effect
 Photoelectric effect

9. The quantum of electromagnetic radiation is known as * 4 points

Mark only one oval.

- Electron
 Neutron
 Proton
 Photon

10. The SN2 reactions proceed via * 4 points

Mark only one oval.

- Carbocations
 Carbanions
 Pentavalent transition state
 Free radicals

11. A strong solution of alcoholic alkali will preferentially promote which of the following reactions in 2-bromohexane * 4 points

Mark only one oval.

- Substitution
 Elimination
 Addition
 Ionization

12. What is the starting point for drug discovery ? * 4 points

Mark only one oval.

- Study of properties
 Structure
 Recognizing Virus
 Interactions of compound with target

13. Which Software has been used in this study for deducing the 3D structure from protein sequence * 4 points

Mark only one oval.

- GAMESS
 Gaussian
 Bhageerath
 Uniprot

14. In general, melting point of fat is _____ and melting point of oil is _____ * 4 points

Mark only one oval.

- Higher, lower
 Higher, higher
 Lower, lower
 Lower, higher

15. Which of the following is not a suitable solvent for oils and fats? * 4 points

Mark only one oval.

- Benzene
 Water
 CHCl_3
 CCl_4

16. Hydrogenation is the conversion of unsaturated acid groups in to the saturated one by * 4 points

Mark only one oval.

- Ti
 Pb
 Sn
 Ni

17. Tetrahedral geometry is favoured by *

4 points

Mark only one oval.

- Strong field ligands
- Positively charged ligands
- Weak field ligands
- All ligands

18. The first element discovered scientifically was *

4 points

Mark only one oval.

- Phosphorus
- Gold
- Tin
- Copper

19. Who discovered the Nobel gases? *

4 points

Mark only one oval.

- Mosely
- Meyer and Mendeleev
- Lavoisier
- Ramsay and Travers

20. Who proposed the Modern Periodic table by modifying the Mendeleev table? *

4 points

Mark only one oval.

- Mosely
- Lavoiser
- Break
- Meyer

21. Which of the following is a correct way of using SI units *

4 points

Mark only one oval.

- 116 ml
- 116 mL
- 116 ML
- 116 MI

22. The Firefly emits light due to which possible phenomenon? *

4 points

Mark only one oval.

- Delayed fluorescence
- Fluorescence
- Bioluminescence
- Phosphorescence

23. Spin of an electron was discovered by *

4 points

Mark only one oval.

- Bohr
- Thomson
- Rutherford
- Uhlenbeck and Goudsmit

24. What do we get upon methyl ester formation of salicylic acid which can be used as an analgesic or skin ointment? *

4 points

Mark only one oval.

- Oil of winter green
- Aspirin
- Salic in
- Morphine

25. In which year Kothari Commission was established to bring reforms in educational system of the * 4 points

Mark only one oval.

- 1964
 1952
 1959
 1966

ABOUT SAMITI

Dr. B. F. Dandin
Our Honorable President

Our esteemed Kanakadas Shikshana Samiti was established in 1965 with a view to impart quality education along with hostel facilities to the poor and needy rural students. The Samiti has been serving since its inception to uplift SC, ST, economically backward and rural students. The Samiti is the brain child of our beloved great educationist. He has sacrificed his life for the betterment of this institution. The Samiti runs educational institutions which are imparting quality education only from KG to PG in different places of Karnataka. For valuable achievements and contribution of Dr. B. F. Dandin to the field of education and social service, he has been conferred honour of Doctorate degree by Karnatak University Dharwad at 61st Annual convocation held on 22nd Feb. 2011. We are celebrating Golden Jubilee of our samiti on 11 & 12 January 2016. Honorable Chief minister of Karnataka **Shri. S. S. Ramayya** inaugurated the Golden Jubilee celebration function.

ABOUT OUR COLLEGE

The institution is named after renowned Saint and Universal Philosopher whose life and mission is dedicated for humanitarian service called "BHAKTA KANAKADAS". It is established in 1984, since then imparting quality education in Bachelor of Arts, Commerce, Science and P.G. Courses for rural and urban students with due focus on weaker section of society. The College is recognized by Government of Karnataka and affiliated to Karnatak University, Dharwad and included in 2(f) and 12 (B) of UGC Act. Our college academic achievements are excellent. **Our students secured I to X Rank** from Karnatak University, Dharwad at regular intervals. Besides 14 **students secured Gold medals in different subjects** and awarded Dr. D. C. Pawate Diamond Jubilee scholarship award for securing highest marks. The achievement in sports field is also good with more than **75 students** selected as **Blues** in different Sports events to Karnatak University, Dharwad. The academic, research and extension services of the faculty are unique in this region. The feedback and output of the college is excellent as more than 1600

students are pursuing education every year of which majority of students hail from rural background. We also provide Job opportunities to the students by conducting campus interview from various reputed companies. We have center for post graduate studies in English, Kannada, Commerce, Mathematics, Physics, Chemistry, History, Economics and Sociology. The UGC New Delhi has sanctioned community college. Recently MHRD and UGC New Delhi has identified our college. College With Potential For Excellence (CPE)

ABOUT OUR DEPARTMENT

The department of Chemistry was established in the year 1991 and PG in the year 2013 with full fledged two laboratories and equipped with modern technology to imparting high and sustainable quality education. The department has worked hard to provide the benefits of higher education in chemistry to the poor and rural area students. The faculty members are talented and well experienced.

ABOUT THE SEMINAR

Present seminar "Recent trends in Polymer Chemistry" aims to explore the importance of emerging polymer science. It is inter disciplinary field, so education in the more traditional area of physical inorganic and organic Chemistry as well as Physics, Biology and Engineering principals will serve one well meet the challenges being addressed in the field today.

OBJECTIVES

This seminar is primarily aimed at fruitful discussion on the possible solutions to the issues associated with the polymer industry impacts of life and the end of use treatment. The objectives are

- To provide a platform to share the inventions in the area of polymer chemistry.
- To identify the better solutions considering the environment effect due to the use of polymers.
- To suggest for the suitable alternations against the use of conventional polymers in routine life.
- To suggest for the possible changes in the existing policies for polymer use and disposal norms.

SUB THEMES

1. Bio medical applications of polymers.
2. The impact of environmental trends in the industry on polymer design.
3. Emerging trends in polymer semi conductors and devices.
4. Conjugated polymers synthesis and processing.
5. Conducting polymers and LED polymers.
